OOPS, DBMS

Experience

2018-Present **Tejas Networks Ltd.**

R&D Engineer

- 2 Years of experience as an R&D Engineer in telecommunication field involving development, UI designing, integration, unit testing and debugging activities.
- Experience in Web technologies like JSP/Servlets, Tomcat, DHTMLX etc.
- Knowledge of L2, MPLS, Carrier Ethernet, SONET/SDH, GPON, CEM etc.

Education

2014-2018 **B.Tech** in Computer Engineering

(7.14 CPI)

Motilal Nehru National Institute of Technology, Allahabad

2013 **12th :-** Govt. H. S. School for Excellence, Ujjain (M.P.)

(91.6%)

Projects

2018-present **Network Management System**

Tejas Networks Ltd.

A Network Management System (NMS) is often used where we need to do and manage a lot of configuration on switches deployed in different location. I have worked on front-end and back-end side for new features and functionalities from scratch.

2018-present **UI framework for L3 Configuration**

Tejas Networks Ltd.

Designed a UI framework for L3 Configuration and optimized the same in performance, maintenance, scalability and UX perspective.

Sept-Dec'2018 **Prototype for a feature of NMS (using ReactJs)**

Tejas Networks Ltd.

Existing code of NMS Web Application has many scalability, maintainability and code reusability issues. Also application was not responsive to different resolutions. Goal was to overcome mentioned issues using HTML5, CSS3 and ReactJs

Achievements

TCS Gold Medal

MNNIT Allahabad

TCS Gold Medal for the best project of the 2018 final year batch

Runner Up at Softablitiz

MNNIT Allahabad

The event of Tech-fest of MNNIT Allahabad that will help you learn how to design a software for the real life problem

Hobbies
